Waitress Service

We have a wonderful team of tea ladies who will be on hand to ensure the smooth running of your day!

We will set up and serve your afternoon tea - keeping guests well topped up with tea and coffee throughout the party, taking care of all the clearing at the end. We can also pour and serve any additional drinks and fizz if you are planning to have a toast!

We recommend one waitress for every 10-15 guests.

This service is calculated based on the location of the party, number of waitresses required and duration of event. Please contact us for a quote or further information.

Gemma x
